

Luna LP

Ra95 **IP44** **Change LED able** **5 Year warranty**

- Luna is an innovative, flicker free LED downlight, approved for installation directly in insulation and flammable material.
- Due to mounting with the help of screws and/or springs, a perfect result is guaranteed – every time!
- Suitable for acoustic ceiling.
- The installation height of only 33 mm makes it possible to mount Luna in most places.
- The replaceable LED light source makes the installation flexible and future-proof – for example, if you want a different color temperature.
- It is possible to mount with cable or 16 mm flexible tube.

Elegant!
- Also when tilted

The trimmed edge on the driver makes the installation easier

Flicker free!
