

# Alisia

Also in a  
dimmable version!

3000K

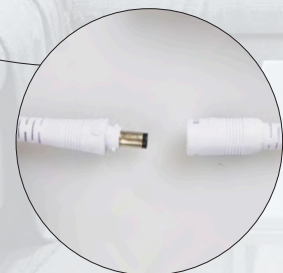

4000K

IP44

- Alisia LED downlight is approved for direct installation in flammable material.
- Screwless cable relief and wire mount in terminal box, ensures a quick and easy assembly with minimal use of tools.
- The terminal box / driver can easily be separated from the luminaire, which can be an advantage when painting.
- Alisia comes also in a dimmable version.

Height  
24 mm
