

Sabina LP Fixed

- Sabina LP Fixed is an innovative, elegant and flicker free LED downlight with high light output and high color rendering. Approved for installation directly in insulation and flammable material.
- Minimal glare due to the retracted LED chip and reflector.
- Suitable for acoustic ceiling.
- The installation height of only 33 mm makes it possible to mount Sabina LP Fixed in most places.
- Driver can easily be separated from the luminaire, which can be an advantage when painting.
- It is possible to mount with cable or 16 mm flexible tube.
