Scan PRODUCTS
*Lighting since 2005*

Product description:

- Sabina is an adjustable, flicker free LED downlight with high light output and high color rendering. Approved for installation directly in insulation and flammable material.

- Minimal glare (UGR19) due to the retracted LED chip and reflector.

- Screwless cable relief and wire mount in terminal box, ensures a quick and easy assembly with minimal use of tools.

- Driver can easily be separated from the luminaire, which can be an advantage when painting.
